[Approved by Governor September 26, 2014. Filed with

LEGISLATIVE COUNSEL'S DIGEST

AB 1920, Campos. Board of State and Community Corrections.

Existing law establishes the Board of State and Community Corrections to collect and maintain available information and data about state and community correctional policies, practices, capacities, and needs, as specified. Existing law also requires the board to develop incentives for units of local government to develop comprehensive regional partnerships whereby adjacent jurisdictions pool grant funds in order to deliver services to a broader target population and maximize the impact of state funds at the local level.

This bill would specifically require that those services include job training and employment opportunities, and that the target population include at-risk youth.

The people of the State of California do enact as follows:

SECTION 1. Section 6027 of the Penal Code is amended to read:

6027. The board shall seek to collect and make publicly available up-to-date data and information reflecting the impact of state and community correctional, juvenile justice, and gang-related policies and practices enacted in the state, as well as information and data concerning promising and evidence-based practices from other jurisdictions.

By January 1, 2014, the board shall develop funding allocation policies to ensure that within three years no less than 70 percent of funding for gang and youth violence suppression, intervention, and prevention programs and strategies is used in programs that utilize promising and proven evidence-based principles and practices.
